Directions:

Rate each speech 1-6, *with one being the worst, six being the best*. **Student Congress speeches are rated on a speech-by-speech basis, so it is possible to give several sixes, fives, etc.** In other words you are not ranking the students, just rating the student's ability to research and deliver the speech.

Criteria: When rating each legislator, consider the following elements and comment appropriately in the space provided.

- **Delivery** - seriousness of purpose, style, and poise
- **Originality of Thought** - Does the speech progress debate or merely rehash old points? Also, the speaker should attempt to refute opposition's arguments.
- **Organization and Unity** - Speeches may be extemporized but should show cohesiveness.
- **Evidence and Logic** - Cites, sources, etc.
- **Cross Examination** - Ability to answer the question asked; only if applicable
